September's BMW Enthusiast: Chris Pine

Actor Chris Pine (Star Trek, Wonder Woman) not only lends his voice to BMW Automotive Group's commercials, but he is an avid rider of BMW Motorrad - vintage, custom, and modern, like his 1967 R50/2, Robert Sabel custom R75/6, as well as seen about town on his R9T 719 scrambler.

Is this the best BMW R18?
$9,000 BMW Engine Espresso Machine

Ahead of BMW Motorrad Days 2025, the Motorrad teamed up with ECM Manufacture on a high-end, super-limited-edition R 18 espresso machine.

by Janaki Jitchotvisut (Ride Apart)

How much do you love your BMW R 18? If the answer is "a lot," then let me ask you this. How much do you love a premium espresso experience? If your answer to both of these questions is yes, and you've also thought that they're two great tastes that could taste great together, then the fine folks at BMW Motorrad and ECM Manufacture may have created exactly the machine of your dreams.

Or, to be more specific, about 80 of 'em.

The ECM x BMW Motorrad Big Coffee Boxer is a special, super-limited-edition espresso machine that's made from real R 18 Boxer parts. High-end espresso machine specialist ECM took those Boxer parts and brought them together with its well-regarded, tried and true E61 brew group to formulate an extremely special espresso machine.

t made its worldwide debut at the 2025 edition of BMW Motorrad Days, caffeinating visitors with a one-of-a-kind experience (well, at that point). It won't stay one-of-a-kind for long, though, as ECM will be selling an exclusive run of just 80 of these machines to interested fans as part of its Exclusive Line (that's really what it's called) at certain of its retail locations.

As a sculptural piece, it's no doubt an incredible thing of beauty, and it probably looks even more incredible in person (especially the cylinder-mounted pressure gauges). Unsurprisingly, it's a hefty and tactile thing, weighing in at 64 kilograms (about 141 pounds), so you'll probably want a friend and/or an engine hoist to help you get yours into position, should you choose to purchase one.

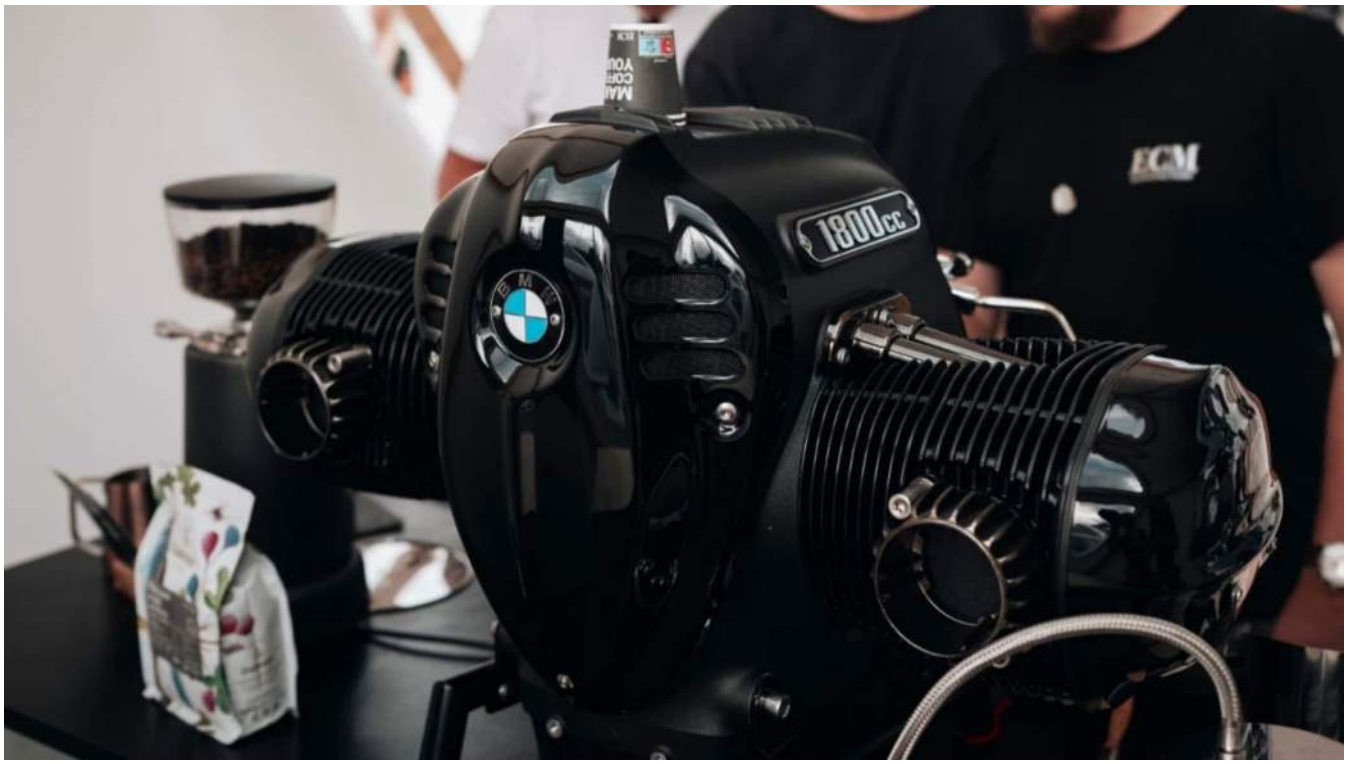

CAFFEINE NOT OCTANE

Each one is assembled by hand, and ECM warns that there may be a waiting period involved if you choose to purchase one. If you've already guessed that the Big Coffee Boxer costs a pretty penny, then I'll tell you some good news: It will, in fact, cost less than the price of a brand new 2025 BMW R 18!

How much is it? Each of ECM's planned 80 units carries a hefty MSRP of €7,900, which works out to about US $9,206 at the time of writing. That's the price of a Suzuki V-strom 650!

LEADERSHIP for 2026:

It is important that we fill the open position of President for next year.

If you are interested in stepping into these roles, please reach out to Bryan Cody at utahbeehivebeemers@gmail.com for details.

The main role of the Presidency is understanding and following the Charter's bylaws and helping the Treasurer maintain the accounts. It would also be helpful for anyone that has experience in organizing group event – as there has been a desire to expand to something more than monthly meetups.
